Hello

Thank you for taking the time to read the 81<sup>st</sup> edition of this monthly newsletter.

We often receive feedback from our members who have friends and colleagues who prefer not to use social media but would really love to enjoy the happy nostalgic memories and reconnections that many of us get to experience.

The Griffins and Hexagons website, along with the monthly newsletters, are some of the ways we make this happen. We do this by sharing nostalgic stories and photos from social media, bringing you the latest updates from our friends at Horizons and appreciating the current and previous service of our friends and colleagues.

Please feel free to contact Anne and myself by email at [midlandbankgriffins@gmail.com](mailto:midlandbankgriffins@gmail.com)

**Didn't we have a lovely day the day we went to Headstone.**

**15 members enjoyed a lovely day out visiting Headstone Manor Museum followed by a delicious lunch at the charming Harrow Garden Centre. We were delighted to have Janet Mote, give us a guided tour of the museum and its wonderful facilities. It certainly is a great local asset and I would encourage people to visit.**

**You find out so much more with someone guiding you. There are great interactive buttons and activities to get involved with. Lots will be making return visits with the grandkids.**

**Then it was onto a delightful local garden centre, that i had never been to before and will definitely be back, could have bought loads!**

**Delicious lunch, and cheese scones looked fab.**

**Tuesday 17th February. Blue badge guided walk of the Duke Street area of Liverpool.**

**Fifty members met in Liverpool City Centre today for a blue badge guided walk of the Duke Street area of Liverpool. (Due to Health and Safety reasons, we were split into two groups. Thanks to our organisers following risk assessment guidance). What a great morning we had.**

**The guide was so informative pointing out the buildings of interest. We even saw the birthplace of the famous poet Felicia Hemans. Remember 'The Boy Stood On The Burning Deck?' Walking on, we saw the old warehouses still standing which served Liverpool docks from many years ago. (Now luxury apartments!) Further up we came across Liverpools first public library founded 1852.**

**At the top of Duke Street we entered China town. Home of the oldest Chinese community in Europe. As it happens it was the Chinese New Year.**

**We finished up at Liverpool's Anglican Cathedral. Our guide pointed out the old quarry which is now a cemetery with many Liverpool dignatories and noteworthy Liverpool people buried here.**

**We had a fab day today. Thanks to all for supporting Horizons.**

**Many thanks to our organiser Sandra Worsley and our Blue Badge Guide Marie.**

**Thanks also to Karen Shorrock for the great photos.**

Today 96 (Ninety Six!) Members met at the fabulous Hill Dickinson Stadium, Home of Everton Football Club at the Liverpool Waterfront. Because of our high numbers, we had to be split into two groups.

Starting in the Trinity cafe and after tea and coffee we were introduced to our tour guides. Both groups had to have two guides given our size. What a fabulous tour, we were shown all those places you don't get the opportunity to see. From the players changing rooms, the press room and who wouldn't want to sit in David Moyes seat down at the pitch side.

Our tour guides were both very knowledgeable and very very funny. This tour is highly recommended for anyone visiting Merseyside and we thanked Everton Football Club for their organisation on the day and for giving us such a memorable tour (even the Liverpool supporters amongst us enjoyed it).

Thanks also to all those 96 members who supported Horizons today.

10 years ago today the Oxford Circus Business Banking centre closed its doors. Some of the team recently held a small get together to commemorate the anniversary.

Sadly, we didn't quite get the order right for the repeat photo. We have some great memories of the centre, colleagues and clients. Also a special mention to our colleagues in the retail branch downstairs, who were wonderful hosts.

We will be holding another catch up soon for those who weren't able to make the night, so perhaps we'll have another chance to get the photo right!!

## GRIFFINS

I worked at Midland Bank for 8 years (1973-81) beginning at the Dewsbury, West Yorkshire branch - moving on to the City branch in Leeds. Then transferred to the Corporate Finance Department in London followed by a one year secondment in New York. Came back to London in the Middle East area and emigrated to the States in 1981.

Still have very good friends from my days at Midland. Also played for the bank at football and cricket at the Beckenham sports ground. Trying to track down a few people but I'll start with Keith Wright. Keith was in my training program; he was from Sheffield and lived in Ilkley, West Yorkshire.

Would love to get back in touch.

It is with great sadness that share the news of the passing of Nigel Pleass, who worked for Midland Bank / HSBC UK for many years, latterly serving as Regional Security Manager before leaving the bank in 2023.

Nigel was a well-known and much-liked colleague. He was held in genuine affection by the branches across his patch and earned enormous respect for the way he supported teams, always with calm professionalism and good humour. Many of us will have our own memories of working alongside him and the positive impact he had.

Nigel's widow has asked that this message be shared with former colleagues and friends who may not yet be aware. If you knew Nigel and would like to pay your respects, his funeral will take place on:

Friday, 6th March at 1:30pm. The service will be available via livestream using the details below:

### MUMMY'S MOVE TO LEWISHAM BRANCH

"As you may remember in Book II I told you that Mummy's Branch at Plumstead closed down, but I did not tell you that she was transferred to Lewisham. She started at Lewisham on October 29th 1983. At first she disliked it intensely but as always the case after a few months she felt as if she were part of the furniture. She made some very nice friends there and the Marketing side of the work she thought was well taught, although being a very big branch they were well able to supply a full time Marketing Bod, and as you can see from the following pictures of GRIFFIN poor little Plumstead Branch had been left well out in the cold. However, hard as it was she had to put Plumstead out of her mind as Lewisham was her place now."
